NEW REGISTRATION REQUESTS

It is our Practice Policy that we do not accept registrations from patients moving from neighbouring practices. We do however continue to register:

1. Residents newly moved in to the Practice catchment area (Currie, Balerno, Juniper Green and Hermiston) who have not already registered with a neighbouring practice;
2. Household members of patients currently registered with this Practice;
3. Currently matriculated students of Heriot-Watt University.

If you fall into one of the criteria above, please complete the sections below and return to Reception.
